

MISSISSIPPI NORMAL COLLEGE

at Houston has a handsome, commodious and pleasant boarding-house for girls, at which board can be had for seven dollars per month.

More than 75 students of the Miss. Normal College are now engaged in teaching and other lucrative professions.

The President of the M.N.C. has five calls for teachers last week. The young men and ladies educated at the M.N.C. are in demand.

SCHOOLS.

I will be in Okolona on the 1st Saturday, and in Houston on the 4th Saturday in each month, to issue pay certificates to teachers, and meet any parties desiring to see me in regard to schools. All teachers must enter into contracts as the law directs. I desire all schools expecting to run during the winter term to begin as early as practicable, that I may visit them as the law requires without too much inconvenience.

According to the ruling of State Supt. J. R. Each principal teacher will get up carefully the census of his district, as I shall require it on last month's report.
